State of Wisconsin

SS.

O = Corner monument restored.

CERTIFIED LAND CORNER RESTORATION

History of original corner establishment: The only notes that were found were from 1857 and it calls a distance of 5313 feet from the Southeast corner

Description of corner evidence found:

There was no evidence found

Index No. N-17

DAVID D.

Description of monument and accessories I established to perpetuate the original location of this corner. In 1927 the State Highway Department measured from the West 1/4 corner to the South 1276 feet to a fence line, (1/16 line) doubling this distance to 2552.00 feet from the W 1/4 corner and using 5313.00 feet from the Southeast corner In SCONS determined the location of this corner, said corner falls 6'+ South and 2'+ East of the centerline intersection. East of the centerline intersection.
