

U.S. PUBLIC LAND SURVEY MONUMENT RECORD

(Prepared and as required by S. A-E 7.08 WI Administrative Code)

The		corner of Section	<u>25</u> т.	34	_N., R	09	_E., Langlade County, Wi	
Com	er was (check all t	hat apply)						
☐ Restored through acceptance of an obliterated evidence location.								
X	_	acceptance of a found				_		
		lost and re-established d distances to PLSS o				S.		
	Restored/recovered	d/re-established in a lo	ocation that	differs fr	om a previo	ously		
		ition. (Show difference tional information is sh				form		
							e, testimonial evidence,	
		considered in the re-					e, tesumomai evidence,	
Septer	nber 15, 1864 - Gov	vernment Surveyor, J.L	Nowlin set	original	corner pos	t and i	marked bearing trees, Tamarac 12", S 75°	E,
Decem	billiks, and Tamara iber 4, 1906 - Coun	c 6", N 74.5° W, 10 lin ly Surveyor Brooks sui	ks. rveyed in Se	ction 25	. Brooks for	und 1/4	4 post and noted "Original Tamarac 12" S7	75°E
į	s stub. Other gone.	" (FB 94 page 22)	-					
Decen	1/4 comer. (FB 94		urveyed the	iines cor	mmon to Se	ections	s 25 & 26, working North and South from the	ie
	Resurvey - Langlad	le County does not ha					does have the plat. The 1937 plat	41-
indicates that Surveyors T. Kilroe and D. Hintz found the corner 38.89 chains North of the SW corner and 39.25 chains South of the NW corner. The plat does not indicate what was set to mark the corner or what bearing objects were established.								
2011 -	Based on search of	coordinates provided by	y County Su	rveyor D). Tlusty and	d visua	al location provided by DNR Forester P. So	
1	iound a 4" brass- ca match the 1937 Res	ipped iron pipe in good survey plat within 2' to	the SW corr	tound n	io evidence th the 1937	of any Resul	y old bearing trees. Distances to the NW convey plat within 20'. The brass-capped pipe	orner e is
1	typical of resurvey v	ork in the 1930's. I ac					est evidence of the original corner location.	
Physic	cal description of t	he monument set:						
2011	- I left the 4" brass o	apped iron pipe in god	od condition,	and tied	d it out as fo	ollows.		
Descri	he the accessories	used to nemetuate the	location of t	the com	er Include	a nlar	n view drawing and indicate accessories	
							es that would aid in future recovery of the o	omer.
