

CERTIFIED LAND CORNER RESTORATION

Index No. A-5

State of Wisconsin }
County of Lanlade } ss.

I Daniel K. Pleoger, do hereby certify that on the 31st day of December, 1980, I found evidence of the Section corner of Sections 5, 6, 31, 32 Township 33 and 34, North, Range 9 East, Fourth Principal Meridian, as described hereon; and that from this evidence I established a new monument and accessories as described hereon to perpetuate the original location of this corner.

Resident witnesses:

FORM 985 H. C. MILLER CO., MILWAUKEE

○ = Corner monument restored.

History of original corner establishment:

Original corner established by H.C. Fellows, deputy surveyor, in 1859 from which Sugar 20" bears N53°W 20 links, Spruce 10" bears S30°W 8 links, Sugar 10" bears S20°E 20 links, Sugar 10" bears N40°E 20 links.

Description of corner evidence found:

Recovered a 1" iron rod 2-1/2 feet below road surface of C.T.H. "H" - rod is driven in original road bed. This position falls in line with fence line which runs East and Town Line Road which runs west. Recovered a 4" diameter iron pipe with brass cap N50°W 52.40 feet of iron rod. Brass cap stamped:

Witness Corner
T34N R9E
S31 | S32
S6 | S5
T33N R9E
45 Degrees SE

As witness corner recovered conflicts with iron rod, I believe that the W.C. has been disturbed and moved by road construction. Witness Corner falls in west ditch line next to a new culvert. I don't believe the culvert could have been replaced without moving the witness corner.

Description of monument and accessories I established to perpetuate the original location of this corner. 42.4 ft.

Set a 2-1/2" iron pipe with screw-on brass cap 45.0 east of true corner.

Brass cap stamped:
